Zhytomyr

I am an energetic, stress-resistant, attention to detail beginner web developer. I want to become a part of Viseven to use skills and knowledge that I acquired during the Viseven IT Academy 2021 training, as well as rise as a professional full-stack developer.

Skills

- HTML5, CSS3, JS (ES6+)
- VueJs, Vuex,
- Git
- English (upper intermediate)
- NodeJs (expressJs, mongodb)
- English (upper intermediate)

Study

Viseven IT Academy 2021

HTML & CSS, GIT, Vue.js, eWizard.

The Web Developer Bootcamp 2021

elementary skills HTML, CSS, JS, NodeJS, MongoDB, Express.

Курс from 0 to 1

HTML & CSS основы верстки

Experience

Viseven IT Academy 2021 gave me a great boost in my knowledge and proves me that I want to be part of such great team. On this course i have learned and understand how to wrote efficient HTML/CSS/Javascript code to create user-friendly web slides through all time have used Gitbush.

I have created my gallery using Vue.js, understand mane principles and tools of this framework. I found eWizard platform and make first presentation, learn and understand many other things.

The Web Developer Bootcamp 2021

I have learned basics of HTML, CSS, Javascript. Found how to use Bootstrap and make first project "Museum of candy" using it.

Learn a lot about Javascript basics, what is arrays, objects, principle of Dom, create simple attachment "score keeper". There was my first brush with Node, exploring npm, creating first server with Express, Creating Dynamic HTML With Templating, stady MongoDB, put all together using Mongoose with Express and create simple productive store.

Market Developer in Coca Cola Company Ukraine 1.05.2014 – till now

fulfillment of sales targets, control over compliance with contract conditions, control marketing activities, document management, mentoring new managers, 3 times could be a leader.
